Live in Romaina, Brasov

About me:

I am Front-End developer , using JavaScript.Currently working with the crew of 5 members to create a Web-Site for volunteer organization in Brasov named "Cattia". I am very excited to keep learning Web-Development sphere and improve my soft and hard skills, also have 2 projects which i created on my own, mostly using HTML, CSS , Bootstrap, some JS sripts and preprocessors like SCSS, in the near future plan to learn React, TypeScript and similar technologies .

Skills:

Html, Css, Bootstrap, Scss, Git, actively learning JavaScript, English level – B2, Romanian – A2.

Experience:

-Work in a crew, over the volunteer project while learning Javasripts and other techologies.

-Finished course in Hillel IT school about layout design(Css,Html and others).

-Tried to make two own projects .

-Finished university with Bachelor Degree , where we often practised JavaScript.

Education:

01.09.2019 - 03.06.2023

National University Odessa Maritime Academy
